organization of the backward elements of the white working class for ~~white~~<sup>Quis</sup> the acceptance of fascism and mobilization for race war. Perfect examples of those tactics are: the fascist control of our youth through behavior modification and other such programs in the public schools; Hanrahan's Mau-Mau Fantasy, Operation Zebra and other such frame-ups of members of the Nation of Islam under the pig-invented guise of secret Black death cults.

The imperialist campaign to stimulate and strengthen attitudes of racist national chauvinism is growing rapidly. Prairie Fire, a ~~book by~~ ~~the Weather Underground~~, is a beautiful lesson on the meaning of revolutionary internationalism. It should be studied by all revolutionaries, especially whites. White revolutionaries must see clearly that ~~XXXXXX~~ it is suicidal to postpone the revolutionary mobilization of ~~XXXXXX~~ the advanced elements of the white working class. The whole world is watching to see who will join the fight.

The American ruling class is a small group of fascists who are repeatedly learning that their days are numbered. Their collective epitaph has already been written and signed by revolutionaries the world over. We have been called to battle and each pig's deliverance will be welcomed with the song of people's justice.

Q2125

Clearly we are not at war with the so-called "average person on the street," yet there are some misguided elements from among the poor and working class who have been brainwashed into siding with the ruling class and against the revolutionaries. We do not see these people as our enemy; rather we want our actions to speak to them, to expose reality, to raise their consciousness and to awaken their sense of unity with other oppressed people. However during any tactical operation we must often deal harshly with reactionary individuals who try to emulate John Wayne heroics. In these cases we don't have time to educate or debate; instead we must state with force if necessary that no person will stand in the way of our comrades who fight for the freedom of all people.

Q2125

If we are fighting together, then I think that the main aspect of our solidarity is extremely simple: it is to fight.... You must find the best means and the best forms of fighting against our common enemy: this is the best form of solidarity.

Clandestin urban guerrilla warfare complementing and supporting the work of the mass front in the communities, prisons, schools and places of work continues to build the nucleus of the people's army. Here in the US, the home base and headquarters of <sup>an international</sup> ~~our~~ enemy, ~~guerrillas~~ we find that the number and variety of potential targets are so extensive that the agents who guard imperialism can never protect every vulnerable area. Guerrillas can use their advantages of mobility, creativity and surprise by striking hundreds of different places, always where we are least expected. However, the continued success of the guerrilla forces ultimately depends on our ability to represent the true interests and needs of the people and thereby win their support in the building of the people's army. Guerrilla warfare with the support and active participation of the masses can't be defeated. Even the Pentagon can't argue that point after the US defeat in Vietnam. Guerrilla warfare must be clandestine, but this does not imply isolation from the people. Rather it represents the desire of the guerrillas to survive by living anonymously among the people where the enemy cannot locate and destroy them. In the US, guerrilla warfare must be urban. The majority of poor and working people live in the cities where both the means of production and the offices of corporate power are concentrated. The urban areas present the greatest contradiction between o pressor and oppressed and as such have become the battlefield.

movement has attempted to eliminate women's oppression by finding more places for them within the capitalist system and by trying to make the capitalist system more responsive to the problems that have prevented women from being as successful as men. ~~The ruling class through its feminist mouthpiece~~ ~~Promises~~ praises the success of a few women who "make it" in the cut-throat business world and ~~see them~~ projects them as an indication of good things to come for all women, largely ignoring the plight of poor and working class women whose lives are getting more desperate as the cost of living jumps, ~~work becomes scarce,~~ government spending is slashed and capitalism declines into another one of its inevitable recurring stages of recession and depression. Feminism for too many middle class women is a fad, a search for self fulfillment, falling into the same category as trans-actional analysis, encounter group therapy and the Maharaj-Ji -- an escapist attempt to find self in ~~XKIM~~ isolation from the plight of the masses of poor and oppressed.

~~At this time, I find it very difficult to understand any form of struggle that attempts to separate men from women.~~

~~that continually tries to reinforce their separation. I see struggle as a way of unifying people to deal with a common oppression and a common enemy. XKXKXK We only do the enemy's work when we divide people along sex lines..~~

Q. The media often presents groups like the SLA as "terrorists at war with society" and tries to imply that they are somehow at war with the average person on the street. Perhaps the SLA can dispel some of these misconceptions by clarifying who your targets are and what tactical and strategic guidelines you follow in carrying out your revolutionary objectives.

A. We define our enemy as all members of the US ruling class and all those who administer and protect US corporate fascism and imperialism. The ruling class is a small elite group of families and individuals who control the giant corporate monopolies and who use the power of their wealth and influence to control the US government, the US military and police forces, the media, the educational system as well as countless governments throughout the world.

[The Rockefeller family's] wealth is about as much as all the Blacks, Chicanos, Indians, Puerto Ricans and forty million poor Whites in the US have put together. (Weather-Unit ground)

In this initial stage of armed struggle, urban guerrilla warfare is the strategy employed by the SLA and the entire guerrilla front to attack our enemy, to mobilize poor and working people and to build unity. Struggling people often have not been able to work and fight together in this country due to racism, sexism, sectarianism and national chauvinism. The SLA does not say that all progressive forces must first achieve unity before we begin to combat oppression because we have seen proof that armed struggle itself can serve as the catalyst for bringing revolutionaries together. Unity can only be built on trust & total commitment. That has been demonstrated by active participation in ~~the~~ <sup>catalyst</sup> ~~total commitment~~ Amilcar Cabral, leader

I want to join, what do I have to do" things like this...  
~~We feel that~~ see people who see ~~what~~ maybe the SLA ~~has~~ has done, see  
what maybe the ELA has done, the Weather Underground the  
Chicano Liberation Front, whoever, <sup>and all other</sup> people engaged in armed  
struggle, and who realize from seeing this kind of practice  
that they want to engage in ~~xxxxxx~~ similar activity ~~will~~  
And that because of their understanding of how we're ~~organized~~ <sup>the way</sup>  
organized, of how those other groups are probably organized, to ~~get~~  
that they will get together with their close friends,  
people who have similar ideas to themselves, they will form  
cells, they will train themselves, they will prepare them-  
selves for actions that they intend <sup>to</sup> carry out, and essen-  
tially at some time there will be a coming together ~~which~~  
~~isn't~~ new, of all these different groups who we have attempted  
to describe as the Symbionese Liberation Army. In other  
words, <sup>when</sup> like the ELA came into existence, it was a largely  
Black group of people --~~there were~~ people who were not/part  
of the Black nation who worked with the ELA, but ~~it's~~ mostly  
Blacks and that's an important aspect of their struggle that  
had to be developed on that level because of the fact that  
Blacks were in the forefront at the time and they were fight-  
ing by themselves mostly. We see that because of their struggles  
and because of some other peoples ~~struggles~~ that there was a  
basis of unity <sup>we developed</sup> in terms of people fighting together. <sup>Because of this</sup> and we  
know that if we come in contact with other combat forces that  
need ~~us~~ help from us that we will help them, and ~~vice versa~~  
~~if~~ we expect help from them if we need it, and At some point  
in time it will be a lot more organized based on/conditions.

of a pre-assault we felt it would be safe to give her live ammunition. She would still have been closely watched due to our natural mistrust, but it was clear that she saw the FBI as her enemy. Even so, we regularly checked her cell to be sure that she hadn't squirrelled away any ammunition, and she remained blindfolded as a security measure.

~~THEIR XISIMX~~

The struggle that preceded our decision to arm Tania wasn't a long one. This decision was based upon our collective political outlook and the practicality of the current situation. It also had a positive effect on the people who could see through the media jive and FBI propaganda that portrayed us as insensitive killers of "liberal educators and children."

Q. As Tania's ~~XISIMX~~ interaction with members of the cell on the political and social level evolved, her relationships must have broadened on all levels including the sexual level. Did this cause any conflict within the cell? ~~K Page 8+9~~

*Cont from P.8+9*

A. The ~~WHOLE~~ question of Tania having sex with any cell members was something that went through a kind of an evolution. We didn't even consider the question at the beginning because we had made certain assumptions about her relationship with Weed and her state of mind under the conditions of revolutionary arrest and confinement. The initial focus of the sex question was clarified that first night of her arrest when the Codes of War were read and explained to her. She would in no way be used or exploited sexually.

Later on as different members of the cell began to interact on a sexual level we became more aware of and

one point ~~of~~ about a month or so after her arrest  
Lina asked Tania if she was ~~got~~ horny. It  
thered her not being able to ~~have sex~~ fuck.  
Tania responded that it ~~should~~ be obvious  
thered her ~~that she~~ just like anyone else  
a similar situation. Lina then asked her,  
again not knowing what to expect, if she ~~was~~  
~~not about~~ (was sexually attracted) ~~to~~ anyone  
in the Cell. wanted to fuck...

She said that she would like to sleep ~~with~~ him.

Bo-- an ex-member of Venceremos; had a lot of military experience because he spent 18 mos. in Vietnam as a ~~xxxxxxxxxxxx~~ combat soldier on reconnaissance teams; one of the few white people who went up to Wounded Knee with the intention of using arms to help the Sioux nation defend its right to self-determination.

Cdei & Bo-- When they were in San Quentin there were several occasions when the pigs tried to set them up by attempting to escalate the racial tensions and divisions by trying to get Blacks to attack these brothers because they were white. But there was too much unity between these two brothers and the other prisoners; When they hadn't even been arraigned, sentenced or convicted of a crime they were put in the "hole" at San Quentin, a state prison, for "security reasons", and while they were there the pigs took them on a tour of the gas chamber where pigs hurled insults at them and said that they'd be back at that place again soon; They were beaten by the pigs on the way to court one morning because the pigs couldn't get the prison to do it

Fahizah-- name means Victorious; deep understanding of what it's for bl. people to live in this country; married Gilbert Parr and for a long time didn't have anything to do with white people but was mostly around bl. people; spent 24 hrs. a day making herself a rev. learning from Cdei and other people and teaching by example; incredible self-discipline and determination to eliminate her weaknesses; never wasted time; she taught us to struggle with our comrades but to reserve our anger for the enemy

Zoya-- Her rev. consciousness grew out of her involvement in the women's struggle; Agitated for better job opportunities for women at ther job at the library; hid Cin out after he got og prison which many people wouldn't do; She struggled with cin around his sexism and Cin struggled with Zoya around her racism, and she realized that there were many things that she could learn from himabout what tactics to use to bring this fucker down

Gabi-- She was a lesbian; She and Zoya were lovers in the past and Zoya really helped move her forward; like Zoya she realized that she couldn't struggle to free only women and broadened her support of struggles to include all oppressed groups etc. in this country; She was more tbgether than any one else around sexism; realized that she could learn alot from the men in the cell and was determined to do so

Gelina-- really maligned by the media; really developed quickly after she got out of a shitty marriage that fucked both her and Gary up; When she wanted to understand a question better she put ~~all~~ all of her energy into it; strong convictions and not afraid to ask questions; she kept morale high among the comrades; She changed her body from a weak, useless body into a body that a guerrilla soldier can use to defend themselves with; really used her own inititiatve to learn things and she learned from her mistakes instead of asking someone for answers.

Kahjoh-- name means Unconquerable; participation in BCA; developed an intellectual understanding of rev. into practical understandin strugle to be disciplined cuz of his background of minniz

~~After living a couple of years in Oklahoma and Oregon, my family moved to Indianapolis, Indiana where I grew up in a White working class neighborhood.~~ My father was a salesman in 1957, when I was twelve, my family moved out of the city. My father ~~had~~ bought a lifetime mortgage on a new house next to a golf course. That was his idea of utopia--he was a golf addict.

I graduated from high school in relative obscurity and when I was 18 I enrolled at Indiana University in Bloomington. At that time I was a rebellious conservative, a /KKKKK anarchist. I detested all forms of authority but politically I was very naive. My family was republican, "the flag and apple pie", like the rest of Indiana. ~~but~~ They didn't force-feed me their ideology, <sup>closet</sup> But I sort of picked it up by osmosis. I was cynical, distrusted politicians, hated rich people, always sided with the underdog; but was mostly interested in drinking beer and watching jocks run back and forth. looking for you on a much more systematic basis. How did you react to that?

A. Teko--Again, we had all talked about the potential problem of being separated due to us being jammed. Our first priority was to deal with the <sup>Security of</sup> ~~three of us~~ ~~security~~. We had to make sure we'd lost any tails, any pig activity in search of us in particular, and then attempt to, ~~in a~~ <sup>in a pre-arranged</sup> secure manner, to hook up with our comrades again. This is ~~manner~~ what we were attempting to do... As it turned out we made a serious error in the course of switching our cars at one point that potentially ~~aided~~ <sup>aided</sup> the pigs finding our comrades. ~~that was that we left a lot of stuff in the van when we → and we forgot to take the carrying case that we'd left in the van which we'd used to hide our machine gun when we went out. In this carrying case there was a working ticket that we were supposed to take... one of our duties that day was to be mailing off, and because of this working ticket they found out about the house that we'd been staying in-- all nine of us before we were split up into teams. Our comrades had split that house as soon as they had heard on the radio that we had been jammed at the sporting goods store, which was a natural security precaution that they would normally take... but there's a possibility that ~~the pigs~~ <sup>because thru the pgng ticket</sup> ~~they could have learned~~ <sup>they could have learned</sup> ~~that they found out about that house and learned some things about the vehicles~~ <sup>the comrades</sup> ~~from the neighbors~~ <sup>from the neighbors</sup> that ~~they~~ would be moving in that they ~~all the~~ could have located them later. took whatever training or activity you've been involved in during the past three months. Could you tell me something about that and something about how you see the future?

Q2176

A. Teko-- Well, as we said earlier, we had done some amount of work making contact with progressive elements in the Los Angeles area and we weren't totally isolated as is clear by the fact that we're still here. We're still free, and we are still fighting. ~~The thing to understand is~~ Even before the shoot out we considered ourselves to be in a mobilization period, and we still ~~are in this stage of development~~ ~~in preparation~~ period. And that's what we're doing, we're mobilizing... and during this period of mobilization we will carry out ~~tactical~~ actions. For obvious reasons we can't speak about what we're ~~going to do next, or what we're~~ going to do in the near future, or specifically what kinds of tactics we are going to employ in the course of our participation in guerrilla warfare here in the United States.

Yolanda-- Mainly we're not looking back too much... one of the things that CIN said to us before we went out to the store that day was, "Remember, anything that happens is always for the best." He had no way of being able to predict what would eventually happen — that he would die and that we would live and carry on the ~~book~~ <sup>revolution</sup> of the ~~—~~, but we're determined to do that. ~~to do that~~ Our main emphasis has to be on looking forward to what we can do next-- what we can do after that, and training, preparing ourselves so we can do it well with a high degree of success. We have learned and grown stronger by studying our past <sup>experience</sup>. We are and will continue to be dangerous.

above ground on a regular or serious level. And the sad fact is that most of the above ground "politicos" denounced the Weatherpeople as "adventurists".

The main things to understand are that the effect of the anti-war movement was truly a people's victory. The big victory was that of the Vietnamese people who accomplished what some thought was impossible. And to truly understand the effect of the anti-war movement on the successes of people's war in Vietnam we must give a lot of credit to the work of anti-war CIs. It may not be clear to a lot of the veterans of the student movement, but the CIs started to come home when it began to become clear to the pentagon that it was getting increasingly more difficult to force young Americans to give their lives for some greedy capitalist or fascist dictator.

The demonstrations around the invasion of Cambodia were the peak of the mass student participation in the anti-war struggle. It was increasingly demoralizing after that.

I think a lot of us began to understand that there just wasn't a whole lot that you could do in the university, that if we were going to effect change in this society we were therefore going to have to connect up somehow with the people in the community. We students were a minority and the issues we rallied around on the campuses oftentimes didn't reflect the over all situation in the whole society. A lot of the people in the community that surrounded the university that Yolanda, KKDKKKKK Golina, said I went to saw the student population \*(next page insert) as there direct enemy. from the local peoples perspective was that students cared more about getting drugged up and "causing trouble" than ending oppression. They also felt that students were responsible for the high rent that the community had to pay to the greedy slum lords, or that students with part time jobs were taking away their jobs or helping their bosses keep oppressive ceilings on their wages because the students worked for less. The so-called youth culture with its anarchistic emphasis on individuality really played into the hands of the pigs and made the division of progressive forces and their most potential allies a crippling reality. The "youth culture" was not a totally negative stage, many of us graduated from it and continued to progress. Bourgeois individuality is still one of our main enemies, however; and many aspects of the student experience have reinforced this sickness to the point of terminal illness.

\*(previous page) About two thirds of the people in Bloomington were very poor, that's out of about 35,000 people not connected with the university. We had a long discussion about this near death f. We value life very highly and we are not casual about issuing orders that kill or move because we realized how serious it was. right from the beginning, we'd have given it back to her. I hope she doesn't think that LA broke into her home and stole her wallet so that we could get a bunch of hot cars at her expense.

Q. I think it was within a few weeks of the bank robbery that you moved from San Francisco to the Los Angeles area. Why was this move undertaken?

A. Yolanda -- We felt that in the San Francisco area ~~that~~ <sup>because of the conditions</sup> we could not continue to ~~exist as fighters~~ <sup>operate there</sup> -- ~~that~~ our movement had been restricted by the number of pigs in the community, to the point where we did not have the flexibility and mobility necessary to keep on fighting. Since that was the one thing that was important to us above all else, we decided a move was necessary. ~~One of the things about SF~~ <sup>at the time</sup> Teko pointed out in the June 1974 communique, ~~is that~~ <sup>is that</sup> SF is <sup>a</sup> peninsula and it's very small city. It's very easy for the FBI and SF city police to saturate the area. ~~and~~

A <sup>recent</sup> example of this saturation was the hunt for the so-called Zebra killer, which we understood to be essentially a hunt for us and the first moves by the pigs to <sup>occupy</sup> bring more repression on the Black community. ~~more pigs into the Black community.~~  
~~out of there were undercover pigs. They would sit in our house on Golden Gate which is near the Western Addition SF 8th section of SF where a lot of the cops live were undercover caravans of undercover pigs go by in two or three car chains. It was obvious to everyone who they were, but as one brother~~

Q2126

will be until we kick them out of the community." So that it was really nothing new for the community, but ~~the increased # of pigs,~~  
~~but it not in the way of our intentions to continue the fight.~~ <sup>increased</sup> ~~the risks~~  
~~we had to take to survive &~~

Ieko -- We were pretty concerned that because of the number of pigs in the area -- the FBI had supposedly committed as many as 1000 agents, many of whom were operating in the SF area ~~in~~ and the number of military personnel ~~stated~~ <sup>there</sup> ~~are~~ in the area that they were waiting for us to do another operation and once ~~they~~ <sup>We</sup> did do something they would seal the area off so that our mobility would be completely eliminated. They ~~were~~ <sup>might be able to use their unlimited</sup> ~~general~~ <sup>resources</sup> ~~of the city~~ <sup>to discover</sup> ~~specific areas~~ that we might be in. We figured that we would be taking too much of a chance by continuing to operate ~~and that our mobility was potentially limited which is something which cannot be allowed on the level of~~ <sup>Mobility</sup> ~~guerrilla warfare~~ guerrilla warfare -- it's an aspect of our fight that has to be totally to our advantage if we are to survive.

Q. You mentioned the Zebra Killers, who I think were a handful of Blacks who according to the accounts I read, murdered Whites indiscriminately. Unfortunately because of the timing of those killings in relation to your own operations you became identified in a lot of people's minds more or less along side the Zebra Killers -- Sort of as another one of those groups. In fact what do you feel about the political effects of the Zebra killings and the Zebra Killers themselves?

Q2126

A. Teko -- We dont know who the Zebra killers ~~were~~<sup>are</sup> -- we dont know if it was a plot hatched by the CIA, ~~or~~ the FBI or the SF police dept. or Mayor Alioto's office or whether indeed it was a group of nationalist ~~black~~<sup>whose desperation</sup> blacks ~~turned them~~ would assume that the pigs were mixed up in it somehow. ~~White as~~ ~~representative~~ of the oppress

C. Why would you assume that?

A. Teko -- I'd You'll notice that the ~~group of people~~ men accused of several of the killing are connected with the Nation of Islam. ~~and~~ ~~a group that the pigs have always harassed (Malcolm~~ ~~Yolanda~~ And the killings that the so-called suspects are charged with aren't even the so-called Zebra killings. They are charged with other murders that happened at a similar time. One of them were even charged with so-called Zebra killings where bibles were shot down on the streets.

Teko -- I feel that a good possibility might be that Alioto was attempting to run for Governor. ~~At the time~~ ~~there was a lot~~ ~~of propaganda that came out~~ ~~Also~~ there was almost a general strike in SF not too long ~~for~~ before the Zebra thing really ballooned. Alioto is supposed to have so much support from the working class - he's supposed to be a union sympathizer. He helped crush that strike ~~because a lot of it involved many~~ employees. He had to ~~get back~~ and regain some of his support by keying in on the issue of racism, by trying

Another ~~in itself~~ <sup>by the ruling class</sup> attempt to bring about a race war in this country which would serve no one other than the ruling class and thereby essentially be a step to impede the revolutionary processes that are taking place at this time. Another way to point this up in terms of our suspicions around Alioto is that <sup>Alioto</sup> At the same time that he was campaigning for governor and ~~attempting to~~ utilizing Zebra for his political advantage, he also made it look like the SLA was out to get him. There were rumors out in the media that Yolanda and myself were identified as doing surveillance on some of his grandchildren. Whereas <sup>up till</sup> our feelings for Alioto are ~~and we could die if he was eliminated~~ that he is a pig <sup>from</sup> at the time we were not planning any operations against him and we felt that he was trying to gain sympathy among some members of particularly the <sup>reactionary</sup> ~~white~~ <sup>from</sup> community who would sympathize with a "poor politician whose life was being harrassed by crazy terrorists." Also at that time a number of his campaign offices were bombed in Southern Calif. and we had a suspicion that he may have been responsible for the bombings of his own campaign headquarters. Alioto has not been a very loved person in SF or the Bay Area ever since he has been involved in politics. His family owns most of SF it seems like. It's the Mafia of the West Coast as far as ~~most~~<sup>many</sup> people are concerned. One other interesting aspect is that Bo is a cousin of Alioto's Tania — I think that will play into the hands of the conspiracy weirdos who think we are CIA agents.

Q2126

Q. Well anyway you eventually moved to Los Angeles and a majority of you at least found yourself in hideouts or safehouses in the Black community. Why was it that a predominantly white group found itself hiding out in a community where comparatively few Whites were normally seen.

A. Tania -- We had gone to LA and were staying in a temporary safehouse. We decided to stay at this place in the Black community because...

Yolanda -- Mainly what we were in the process of doing in LA before we started to run into trouble there was to set up and enlarge in LA attempt to set us up a network there that would support us as guerrilla fighters and would allow us to be in touch with the Black Brown and White Communities.

Teko -- We were basically attempting to enlarge a network that already had some beginnings altho they were small.

Tania -- We were preparing to split up into three teams. That was one reason why we were in a temporary pad. Considering that we would only be in the community living that way for a short time, <sup>we felt it</sup> it was better to be there instead of EX where at worst the people in the community would think we were pigs or honks than to be in a community where the people might call the pigs because they were wondering who we were.

Teko -- It was a fact that people in the immediate community where we were (not where the shoot-out was on 54th S<sup>t</sup>, this is on 84th st. about 3 miles south) had suspicions as that we were undercover pigs we learned from our contacts in the community. The situation was that we were not about to go and tell them that we were not pigs, that we were the

Q2126

SLA because we realized that there was a lot of money out for us and there ~~were~~ <sup>were</sup> opportunist elements in the ~~community~~ <sup>there</sup> that we couldn't trust -- there is a lot of dope in the community. We didn't want it to be common knowledge that elements of the SLA were in the community. He felt that it was better that the people felt we were undercover which would mean that they wouldn't necessarily go to the pigs to say, "Listen you better go get these undercover agents out of our neighborhood." Blacks don't generally have a whole lot of interest in working with police in the same capacity that Whites might. He felt that for a relatively short time we ~~would~~ <sup>would</sup> be secure. As Tania pointed out, it was a temporary thing. We weren't going to be there for more than a couple of days.

Yolanda -- It had become clear to us that it was not safe for us to continue to move around as nine people or to live together as nine people so that was one of the purposes of splitting into three teams of three people each. The splitting into teams was a military/political decision that weighed the <sup>/political</sup> military strengths and weaknesses of each of the comrades and then combined people to form the best possible teams so that those teams could exist fairly autonomously and then come together around particular actions or to learn particular skills as a unit. We weren't creating three new cells; we were creating three teams that would live in different locations, and the ideal place for us, since two of the teams were composed of all White people and one of the teams was composed of one Black and two

Q2126

Whites, would be multi-racial communities where we would not stick out as <sup>we did as</sup> white people in the Black community, but where we could have contact with people of many different races, ethnic and cultural backgrounds.

We should criticize ourselves for waiting too long to make the actual move to split up into the teams; we were too cautious. We weren't convinced individually that we were ready. We had felt so much security in being nine. <sup>open</sup> We ~~feel~~ militarily speaking that our firepower was greater and we let that cloud our reasoning in terms of our real abilities at the time. The three of us have proved that we, as three people, are capable of existing <sup>and continuing to struggle</sup>. It's something we should have done and could have done. We should have done it quicker than we did. If we had, there's a good chance that what happened in LA never would have happened.

Tania -- Or at least the pigs wouldn't have found so many of our comrades in one place at one time.

Q. At about this <sup>time</sup> or shortly thereafter, the police became aware of your presence in LA because of an incident at a sporting goods store that the three of you were involved in. Could you tell us the details of that action?

A. Teko -- A lot of people know what the media has said. The line was that I was spotted shoplifting and that was the reason that we got jammed and therefore had to shoot.

Q2126

our way out of the situation. What happened in reality was that we had gone out that day to buy ~~some~~ things that the cell needed and we felt at the time that the things that we needed which was combat clothing that had to be specific kinds of things, ~~we needed immediately~~. We didn't feel that we had time to train some of our contacts to go out and get the stuff for us, and we wanted the stuff right away. We might have been too impatient. We went out to EM do the shopping and at one store ~~after~~ we had bought over \$30 worth of items like heavy duty socks, wool hats, sweat shirts, etc. We walked out ~~and~~ one of the clerks came out and told me I had to come back in. He told he he wanted to check me because he suspected that I had shoplifted. A problem resulted at the time because of a kind of hesitation on the part of Yolanda and myself. Instead of reacting KNOWING THAT I couldn't go back into that store because if I went back in for a search, they would have seen that I was illegally carrying a concealed firearm and it was likely that then they would find out who I was. We know we had to take control and possibly fight our way out of the situation by force, but ~~as I said~~ we were kind of dumb-founded for a second -- we were amazed that we were being jammed around shoplifting when there was no reason for it. Instead of reacting very quickly and dealing with that ~~with the confidence that~~ situation ~~by force~~ -- there ~~were~~ two of us and one of him and we were both armed and he wasn't -- ~~we got into a~~ <sup>we hesitated and allowed ourselves</sup> scuffle before we even got our pieces out <sup>to get into a</sup> physical struggle ~~which the one dude got help from~~ <sup>meanwhile</sup> several people in the store and odd guy who jumped out of

Q2176

xxxxx and one motherfucker even stoppod his car and rushed over to get in a few licks. By this time, there were three "hors" disarming and trying to handcuff me and another ~~great~~ big gorilla had Yolanda in a bear hug. So you can see that the hesitation really fucked us up. Fortunately Tania, by then realized that what was happening and opened up with a machine-gun, ~~and this helped them realize that there~~ ~~feel realized they~~ <sup>they</sup> ~~would be safer to release us~~ and got back into the store.

This gave us the time we needed to get back to the van and move out before they were able to accurately return the fire. ~~Sucker~~ One of them fired on us with the hand gun they'd taken from me, and luckily he was a bad shot because it was armed with cyanide bullets.

Tania -- I had been watching, on and off, from across the street in the van, looking to see where they were because it was taking a long time to do the shopping. And at the particular time that they came out of the store I was looking <sup>I glanced down at a newspaper if</sup> ~~down~~ when I looked up there were all these people and I couldn't tell what was happening, ~~at first~~ because <sup>my view was obstructed by</sup> ~~of the~~ street divider <sup>some shrubbery;</sup> ~~and~~ then I saw Teko's head pop up from underneath <sup>a pile of</sup> ~~the~~ <sup>of grass</sup> and that's when I opened up with the machine-gun. All our reactions were too slow.

Yolanda -- Yeah, we all had a basic problem around the hesitation ~~xxxxxxxxxx~~. We also came to realize that it is foolish to send "hot" combat elements to do work that support elements can easily take care of. Our mistake was getting impatient for much needed supplies. Support elements can usually function above ground effectively without supporting arms and therefore we didn't have to fight

Q2126

By moving about heavily armed we were able to insure our safety, ~~in the event of a jam but also we were taking the chance of creating~~ <sup>a jam like</sup> "fugitives" shouldn't be taking those kind of chances. <sup>the freak thing at the sporting goods store.</sup>

Toko -- Aside from the initial hesitation, once we got our shit together <sup>and get moving</sup>, everything went very smoothly. ~~Once we got moving everything was cool.~~ We even passed a motorcycle cop as we were about to pull out of the parking lot and he didn't know what the hell was going on. We went about four blocks, turned into a residential area and pulled a switch, took another car... ditched ours and grabbed another one from a couple of cooperative people. We then went another couple of blocks, this car broke down but we just borrowed another one from some other very nice people. Then we split the area.

Yolanda -- the reason we were able to do this so easily was that we had previously discussed at length what we would do in situations like this, switching cars and so forth, it wasn't just something that we did off the top of our heads. It all came out of military preparedness.

Tania -- Hesitation is a very serious problem and white middle and upper class people have to really guard against it. Sometimes you get the feeling that you can talk your way out of a tight situation. In a police state, revolutionaries must realize that to try to talk your way out of an arrest is suicidal.

Q. Well, it was at this time and as a result of this incident that things got very much hotter for you in Los Angeles at

if we had paid more attention to det. Q2126

dealt with in a different fashion, and potentially the problem wouldn't have happened...but, that's essentially the way it came down. As it's clear, we maintained our security, unfortunately our comrades weren't able to do so with theirs. exactly We don't really know what happened. The same thing can be said for the events that brought about the capture of our other comrades, Ceceola and Bo. What I mean is, we're having to rely on the media to find out the particulars of those events. And looking at these events critically, we can see & potentially, or make assumptions about criticisms of things to learn about these situations. we can learn ways to prevent the same mistakes from happening in the future.

Yolanda-- The media has so consistently lied about things that we've done, it's very hard to rely on them for information. There's some military errors though that become apparent we've kind of gotten by reading between the lines of news papers and listening to TV, and even if these errors didn't actually occur we'll take the lesson that we learned and ~~make~~ try to ensure that at least we don't commit them. One of the potential problems was that the six Comrades only went about three miles away from our temporary safe house ~~that we've mentioned before, where~~, Los Angeles is so big they could have gone miles and miles away to more outlying areas to safe houses that we had already secured through our network. But, yet they went to this closer house.

Tania-- They seem to have been taken there... for some person they decided to go...

Altho we do know they were Tolko-- ~~remember now that the question is the vehicles they were using~~

had to be dispersed at that time had a lot of potential heat on them, and they may have felt that they couldn't

Q2126

be driving too far ~~on those vehicles~~. At the same time  
Also though it appears that they might have made the error of  
parking them too close to the place where they were ~~at~~. If  
they were going to ditch them they probably should have ditched  
them somewhere else. According to some reports, ~~the~~  
~~still~~ ~~we~~ didn't know if this is exactly ~~it~~, that they  
were traced to the area because ~~of~~ <sup>a pig</sup> the sight ~~of~~ <sup>of</sup> those  
vehicles, which had already ~~been~~ ~~seen~~ some kind of boat previously.  
And then there was the question of people going in and out of  
the house, too.

Yolanda-- ~~that~~ It came out in the paper that through  
out the day <sup>of May 17</sup> ~~of this house~~ there'd been ~~several~~ <sup>neighbors</sup> ~~people~~  
in and out of the house to speak with Cinque and the other  
members of the SLA staying there, and ~~so~~ apparently some amount  
of trust ~~had been built up~~ that those people were not going  
to go to the pigs. ~~that~~ The people apparently dug talking to  
soldiers of the SLA. But then later it seems that an older  
woman, a mother of one of the women who lived in the house,  
came and the SLA soldiers reacted to her in a similar way...  
they felt that she should have the freedom to come and go  
<sup>maybe</sup> without realizing that/because of her age or because of her  
mistrust of white people in her daughter's house, especially  
white people who are armed, that she might be afraid. ~~that~~  
~~is one of the things that seem to directly relate to the~~  
~~It's been reported that~~  
~~pigs~~ ~~in~~ ~~the exact house where our comrades were~~... the  
fact that she called the pigs and said that there were white  
people with guns at her daughter's house.

Q. I guess after the debacle with your six comrades you

D2127

started to understand the relationship between sexism and class oppression. I realized that as much as I needed to struggle with Teko or any other man on a personal level, my enemy was not all men as a group. My oppression as a woman was the result of an economic system, US imperialism, and a society and culture that are defined and controlled by men. Sexism like racism, functions as a tool of those in power and permeates all levels of society to keep people divided, passive and confused.

Q2127

Both Teko and I were heavily influenced by the events of the late 60's. People were being beaten up in the streets of Chicago. Martin Luther King was assassinated. Cambodia was invaded by the US government resulting in mass demonstrations on the campuses and in the cities and the murders at Kent State and Jackson State. Black Panthers were murdered in Chicago, Oakland and LA. I was generally confused and pessimistic because I had <sup>stupid</sup> questions but no answers. I could see that a lot of things were fucked up about this society and my personal way of living, but change seemed like such an overwhelming process because the US government was totally opposed to the people's desires for a better way of life.

In the Fall of 1971 Teko and I linked up with some progressive people in Bloomington. We all studied and talked about the struggles of the people ~~in the Soviet Union and China~~ throughout the world to destroy imperialism and develop socialism. I really ~~had~~ got high reading about the freedom fighters in Vietnam, kicking the fat ass of US imperialism. But, my intellectual notions of revolution and my bourgeois longings for peace and an easy victory held me back from accepting the historically-proven fact that the conditions for change in this country can be built only through armed struggle. I still had the unrealistic dream that revolution could occur through gradual change in the consciousness of millions of Americans, who would then ~~democratically~~ "elect" socialism.

21

and ~~the discriminatory society & culture~~ that are defined  
and controlled by men. sexism like racism functions  
as a tool of those in power and permeates all levels  
of society to keep people divided, passive and  
confused.

Q2127

Geliva was a beautiful example of determination. At first, she was so physically weak that she could only do two or three push-ups, but she worked at it everyday until she was doing 5 sets of 20 finger tip push-ups. She boosted everyone's morale by always attacking problems with a positive attitude.

Zoya, like some of the rest of us, didn't have much practice in being physically aggressive because she had always been a very gentle person, but one day at the Concord safehouse, she proved she really had her shit together. The doorbell rang; Zoya looked out through the peephole and saw a boy of about 13 or 14, who she assumed was the paperboy. When she opened the door, she was looking down the barrel of a .22 in the hands of a ~~scary~~ young kid. Zoya betted that kid's arm, forcing him to lose his grip on the gun; then she spun the kid around and kicked him off the front porch. In fact, just to give you an idea of the strength and abilities of the sisters in the SLA, I should tell you that the assault team for the Foster operation was made up of two women. Two righteous <sup>über</sup> ~~über~~ female soldiers ~~is~~ Foster and Blackburn! (over)

Part of developing an aggressive attitude comes from developing technical skills -- knowing how to ~~be~~ be a good shot and to shoot first and fast; learning forms of the martial arts, how to use a knife, how to crouch, roll and dive. We had to <sup>acquire</sup> learn aggressive nervous reflexes. By this, I mean the ~~KKI~~ ability to make good offensive decisions in a combat situation; to react quickly and wisely. We plan each combat operation as extensively and in as much detail as we can, but we prepare for the unexpected by knowing that we must be ready to improvise and do anything to insure our success and survival. Our lives depend on our ability to think fast, remain ~~KKK~~

↓ It's hard for them ~~to~~ to understand that female passivity ~~is not~~ and dependence is not part of "woman nature" and that women are <sup>in fact</sup> ready to do anything necessary to fight for their liberation. (These guys consistently attribute revolutionary acts to men.)

# A'S LAST TAPE TO HEARST

mer Field Foundation status.

to Randolph have been stated many times. However, I will restate them again as some specific factors. As we all know, the Hearst Corp. is composed of a chain of magazines and newspapers. However, I wish to point out two specific ones as examples. Cosmopolitan magazine

reaps profits of \$7 million to \$8 million per year. Atototis is House Beautiful, which reaps profits of \$3 million to \$4 million a year. The Hearst Corp. is also composed of, as mentioned before, a chain of TV stations and feature film industries and also ownership of lumber companies and partnership in large stock holdings in General Motors, as well as land holdings in each of the cities where the newspaper

operates; for example, ownership of one square block in New York City, with the land alone valued in hundreds of millions of dollars, as well as land and buildings in England and Australia and

In total, the Hearst empire along with Mr. and Mrs. Hearst's personal wealth does in fact go into the hundreds and hundreds of millions.

Even if Mr. Hearst was to give that to the people, with the political friends such as the Bush of Iran and Howard Hughes he would suffer no losses.

However, even if Mr. Hearst were to give all of that to the people, he could never pay it back for the past losses of their children and freedom, not for the latter really lived and died for

East Palo Alto. That an adequate number of distribution centers be made available to various communities in these cities. San Francisco: Mission District, Chinatown, Hunters Point, the Western Addition. Oakland: East and West. Palo Alto: East Palo Alto.

3. That all foods distributed be of top quality. And that all canned goods and dry foods be matched with equal amounts of top quality fresh fruits, dairy products and vegetables. And that no attempt be made to distribute garbage, or bulk or surplus storage foods of government commodities to the people.

4. That \$70 be given over a one-month period to each family coming to receive food. That is, by the end of one month's time, a total of \$70 of food will have been given to each family. This is to be done during the first month of operation of the program. If this means problems of the storage of food at the distribution centers, then it will be a necessity to have an expansion of the number of centers as well as the number of days and hours that the centers are open.

It has always been the intention of the SLA and the court of the people that a substantial number of families in at least several communities be able to receive their amount of food during this one-month period that would meet one of their needs in addition to assuring that the people get something more than another extended program which could be abandoned by the Hearsts at any time without the people having

8. That this tape and a transcript be published and printed in full, omitting nothing, in all forms of the media.

9. That the total amount of \$6 million be allotted to your designated "Peoples in Need" or charity organizations within 24 hours of receipt of this order and that the food be available to the people within one week of receipt of this order.

Should this order be rejected, all further communications shall be suspended and the prisoner will be maintained according to the terms of the International codes of war concerning prisoners of war and will be maintained in that status until such time as the status of our captive soldiers is changed. Should any attempt be made to rescue the subject prisoner or to injure or capture our captive soldiers, the subject is to be executed immediately.

10. Once we see compliance with these specifications and the program well under way, then, as we have previously stated, we will begin negotiations for the release of your daughter. The Court of the People also wishes to state

that we understand the position of different political organizations requested by the court to oversee distribution of food. We understand that refusal to participate is partially due to the inherent dangers based upon leadership or the organization as a whole. Our affiliation with the SLA is created against the people, the crimes committed against the people by the Hearst empire. That act of good faith following is unclear on tape.

murder of the then defenseless people.

In stating these facts we wish to say that the collective leadership of the SLA would not under any circumstances or under any terms compromise our position or that of the peoples' freedom. And no one should attempt to speak for us or assume that they, by word or action, can compromise any request made on behalf of the people by the SLA.

At this time we wish to state that the organizations who wish to take part in feeding the people should also cry out for the thousands of children of all colors who have been murdered and starved by the enemy state. They should cry out for the millions of children of all races who are starving and dying now and not just cry out for the safety of only one human being who just happens to be the daughter of the enemy of the people.

Fight and cry out in defense of millions and save the children. And by this action you will save also the life of one who has never seen the robbed or knew that the riches of her life were the spoils of a robber and a murderer.

It is in the judgment of this court that the Hearst family and the Hearst Corp. seems to be more foolishly concerned with the identities of some SLA elements rather than with the admission to the people of the crimes committed against the people by the Hearst empire. That act of good faith following is unclear on tape.

The guerrilla fighters must form the core of the struggle because unless there is an armed force representing the people the masses will lack the ability to "criticize" the enemy when all legal means have failed or to counter the enemy's attempts to use brutal force against the people. People who can must be ready to join and strengthen the ranks of the guerrilla fighters or to help them when necessary. Meanwhile the guerrilla fighters ~~must~~ strive to represent the people's needs and interests and grow into their ~~so~~ army. The guerrilla forces are the proof that the people mean what they say when they declare, "Freedom by any means necessary." Guerrilla warfare and mass struggle together will solidify consciousness and commitment that will be the basis of an army of national liberation. This army will have the total support of the masses and will seize power.

Armed struggle here will encounter specific conditions which may take us a period of false starts and readjustments to take them into account. This is why flexibility is important as we constantly define the means by which our struggle may be successful both in mobilizing masses of people and in destroying the monster.

no other way.

The Federation is a pre-party form of Q130 mechanism that will be necessary if there is not enough ideological unity to form a party or if a party forms representing only one segment of the population and there are ideological conflicts which prevent it from representing the whole population. For example a Black Communist Party may form out of leadership elements of the Black liberation struggle. This party may not grow into a party that can lead the other elements of the population, probably due to the racism of the white revolutionaries or the failure of whites to deal with the question of self determination. In this case the Federation would be the mechanism to unite the Black Communist Party with other elements fighting the struggle who have not been able to unite under the Black Communist Party. Or the Federation may be composed of several parties groups and organizations. If no party or parties grow out of the struggle and demonstrate their fitness to lead because of their understanding and commitment to the people's interests; then the Federation can perform some of the leadership functions of a party but with the inherent weakness of course of ~~incomplete~~ ideological unity. This weakness actually means that the leadership role is actually one of coordinate and cooperation — the directing force of the limited front. The party is necessarily a more disciplined, efficient and stronger form.

mechanism to coordinate the military political units — it is the collective leadership. The War Council can and should exist in some form or other whether or not a party <sup>or</sup> ~~or~~ the federation directs the struggle at any given time.

Summing up, the Federation do not see an alternative to a revolutionary Communist Party but rather is suggested as a possible stage that may be necessary in the course of the revolution if the conditions of struggle have not led to the formation of a party or parties that ~~lose~~ the people's respect and can therefore assume leadership.

We have a responsibility to teach people the link between the military and the political. We need to demonstrate how political goals can be achieved by military means. We need to be the greatest examples of what military skills and knowledge if executed correctly can accomplish in terms of moving the struggle forward. When we expand our military consciousness we often increase our understanding, flexibility and imagination in considering ~~the~~ ways to achieve our political objectives. This will stimulate the people's minds to think and study and to understand.

The pigs are already operating at a very sophisticated tactical and strategic level - they use brutality and visible repression only when no other disguise will succeed but they are never afraid to use these methods. So we must not be afraid. We must prove that we desire freedom ~~so~~ above all else. On the battlefield

Q2130

Revolution here in U.S. is different than anywhere else! This is the center of imperialist power and fascist centralized and coordinated repression. Historical forces within the Working Class are unique. Old methods will no longer do because the fascists have learned how to deal with these thru the flexibility of their reforms, false promises, propaganda and other disguises. We must institute new tactics. That it's time are illegal but are effective simply because they catch the paper tiger off guard and unprepared — they make the beast lash out irrationally and expose his true nature. This does not mean we shouldn't learn from history and international examples of others — it does mean that we must take the lessons and ideas of others and understand them, not in a vacuum of past conditions, but in the incredible mush mash of experiences and realities that make up corporative/military fascism in the U.S.

Certain segments have not been so deeply impaired by contra-positive brainwashing and have never had much access to consumer flea market. Their revolutionary potential has not been so diluted and they have far more potential to be the vanguard.

Consciousness alone cannot bring about a revolution altho it forms a good basis. People today are conscious of their oppression and the ruling class interests of govt leadership can give the proper direction of consciousness and can inject it with a collective force that will make the revolution.

X Fascism re-organizes, <sup>centralizes</sup> and reforms capitalism in response to mobilization of class consciousness by working class and also in response to changing economic conditions and changing power within the ruling elite (power going from agrarian elite to industrial elite or from bourgeois democracy to monopoly capitalism)

Reform is the primary fascist tactic in this present state of undeclared war.

TYPEWRITING COMPARISONSQ2165

The questioned typewriting on the page captioned "FASCISM" and page beginning "7. Supporters of ..." is the same size and style as the K118 typewriting; although, due to the lack of sufficient individual identifying characteristics a definite conclusion was not reached whether this questioned typewriting was prepared by the typewriter used in preparation of K118.

The conclusion was reached that the questioned typewriting on the pages beginning "A. To fully ...," "to each other's ...," "Because we still ...," "Tania decided ..." and "Q. XXXXXXXX You stated ..." was prepared by the typewriter used in preparation of K119.

The struggle against sexism in the SHT has gone through a process of evolution. Jan. 10, 1974 was a crucial point in our history. The capture of our 3 comrades had hurt us, and threw us into a panic. We lost strong soldiers, and it put us on the defensive. Several other comrades joined underground. The atmosphere became extremely intense.

Our changed situation compelled us to place primary importance on ~~survival~~<sup>survival</sup> & military skills. Heavy emphasis was placed on the military aspects of revolution, which brought to light certain contradictions ~~after~~<sup>in</sup> in the area of sexism. The men took the traditional roles of "instructors" and "leaders" while the sisters struggled to make themselves as "good" as the men. While the women were perceived as being "strong" (in an abstract sense), without real it. Our concept of what a female guerilla ~~is~~ should be, was male defined... we are so selfless. (so womanly) that we were willing to put every other struggle for freedom and self-determination ahead of our own.

It struggles against the most blatant forms  
of sexism that place on a one-to-one level.  
Virtually no struggles along this line took  
place at the collective level. There were 2  
reasons for this: first, we <sup>more</sup> believed  
that one-one was more "respectful" and  
more productive, and 2<sup>nd</sup> we felt that  
survival & military issues were more  
imperative and deserving of collective attention  
than sexism and its resulting problems.

into trying to help them get it together. But we finally realized the way we were doing this was crazy! We were trying to help them even though they weren't making any efforts to struggle w/ each other. We wanted to work w/ them, but we just couldn't be too patient about waiting for them to get it together.

Q2165

Our unity moved us to a different level  
in which we no longer feared ~~by~~ our  
strengths, collective strengths.

As the women began to assert themselves  
the larger group

As sisterhood developed the women became  
the motive force in the collective. There  
was tremendous strength and energy coming  
from ~~us~~ <sup>us</sup> women. That had been suppressed  
before, and because of this the whole group  
is really moving ahead w/incredible speed.  
at we ~~were~~ weren't moving (as a collective) as fast  
as we should have been. The men were dragging  
in feet. ~~so many things were lost~~!  
in sexism made them afraid of our strength

spite of the fact that they ~~would~~ could  
intellectualize about ~~what~~ how great it was  
objectively, subjectively they felt threatened.  
in sexism also kept them isolated from  
each other; competing w/each other instead  
of supporting & helping each other grow.

orientation was totally toward the men in cell.

I realized that, as a group, we were male  
centered, and that most of us put very little  
fort into ~~identifying~~<sup>identifying</sup> to look struggling and  
clinging to each other, and discovering our  
strength as women.

I had to expose this contradiction and begin resolve it both among the women as a group, and the all as a whole!

saw our conditioning to thinking of exclusive personal relationships as the ideal as being a big barrier to dev. a strong collective

That makes exclusive personal relationships seem desirable

1) our conditioning to and desiring exclusive personal relationships

2) our conditioning (to ~~passively accept~~) to accept oppressive sex roles.

That makes us feel "comfortable" accepting

In order to combat sexism we had to attack our own ~~attention of~~ aspects of our bourgeois conditioning which makes male supremacy visible

This battle would have been lost for sure if ~~we~~ ~~we~~ hadn't been able to unite against ~~the~~ our common oppression as women. In her words, if we hadn't ~~be~~ put our theory in

break down the original heterosexual relationships  
that we all had some degree of attachment to.  
but progressive ways of relating to men, the  
~~heterosexual women~~ we still had subjective fears  
of relating to men in a strong & independent way  
it was particularly hard for the heterosexual  
men, although, because of the heavy emphasis  
the military and therefore the men), Gabe and  
I were having trouble so, I do realized we  
had to smash the dependencies created by monogamous  
sexual relationships, and to do this we had to  
break monogamy in the cell.

Monogamy only serves to reinforce male supremacy  
and the oppression of women. We began to destroy  
attitudes that made us think that we had  
to be monogamous; fear and passivity, the false  
sense of security, jealousy and power trips.  
are the same attitudes that keep women &  
men from relating openly & honestly to each  
other. That force women into accepting a  
subservient role, and force men to compete  
with each other to see who can be the most macho.  
It all sounds too simple the way it's been  
done. In fact, breaking down traditional  
~~ways of relating~~ and establishing progressive

ugh a process of evolution. The capture of Puerto L  
ado on Jan. 16, 1971, put us in the situation of captur  
ing several other communities.

Our changed situation compelled us to place  
primary importance on obtaining survival skills, and  
atmosphere became intensely military. Struggles  
against sexism continued on a one-to-one level, but  
these struggles just weren't as important as gett  
men to teach us about weapons. As women our  
main focus was on becoming strong female  
guerrillas. But without realizing it, our concept of  
what a female guerrilla ~~was~~ should be was male de  
voted. We were so selfless... so womanly... we were  
going to put every other struggle for freedom and  
determination ahead of our own!

A major contradiction soon became obvious; we were  
willing to become revolutionaries, but continuing  
to relate to each other in a reactionary way. We had  
to expose this contradiction and resolve it both  
among the women as a group, and in the cell as  
a whole. In order to combat sexism we began attacking  
two aspects of our bourgeois conditioning that  
make male supremacy possible: 1) conditioning that  
makes exclusive personal relationships seem desired  
(monogamy). 2) conditioning that makes <sup>people</sup> feel "com  
fortable" accepting oppressive sex roles. This battle

> practice. This unity had to be totally un-promising because incorporating our demand of demand and self-determination for women into all aspects of our lives meant that tremendous changes in the cell had to take place.

Q. How did things change after Jan. 1974?

Ans

After Jan. 10, 1974 our primary orientation was survival

- heavy concentration on the military esp. survival skills

Contradictions arose from this orientation

- men took role of teachers
- women perceived as strong etc. but, there was the feeling that we had to be as good as men
- The concept of the female guerrilla was too much male defined

Struggles anti sexism didn't take place on collective level at this time cuz we felt survival aspect was <sup>most</sup> important

- one-one level achieves only temporary results in a cell

As a result of conditions we created for ourselves the women weren't able to coalesce into a strong unit, and we failed to develop a position for quite a while

Out of these contradictions, however, that we developed our position,  
(as women we see our primary focus to be the liberation and self-determination)

first we tended to place the most imp. on the military - emphasis placed on struggling on one-one level intense military training - got ourselves into such a heavy military state-of-mind that we lost control of our conditions and in fact, were controlled by them instead of vice-versa. Because of our male orientation we tended to think of the battle against sexism as a secondary struggle. We failed to assert ourselves as leaders - to protect our self-interests as women - instead of seeing ourselves as revolutionary feminists ~~leaders~~ (or perhaps we did see ourself as such, but we sure didn't act it!) we behave in a way that Firestone describes as "Ladies Aux. of the Left." We were so selfless... so womanly... that we would put everyone else's struggles for liberation ahead of our own as we fought. This horribly backward way of thinking was, of course, the result of years of 'female' upbringing. It was so hard to see what was happening, because we weren't aware of the nature of our oppression in the cell; we were just so grateful to the men for taking the time to teach us (so we could help save their asses!) we had been brainwashed to think

"the things that we can add to the Quies  
lecture" it was actually hard to come up with  
anything! Because we had thought of ourselves

struggle for us to unite and support each other — be-  
cause it's a fact that <sup>the</sup> men feel threatened by us.  
It be cause they consciously want to oppress us w/ the  
sexism, but because subconsciously they still  
have leanings toward relating to women in a traditional  
(i.e. sexist) way. We realize, however, how much  
we can accomplish as a group of strong, unified

from these we dev. our position  
now our primary focus on the liberation of women

believe it or not, many above-ground left groups &  
organizations do not think that fascism is the order of  
the day in america. The purpose for studying revolution  
is to understand why we take an ideological  
position to agree with left-wing principles, & it  
also is necessary to agree with right-wing principles, &  
as now, thereby understanding why we are a  
revolutionary group.

We all had a degree of consciousness about progressive ways of relating to men; as heterosexual women we had subjective fears of relating to men in a strong and un-dependent way. ~~As a radical lesbian~~  
We had no attachment to relating to men in any ill-fit way. We <sup>women</sup> struggled to build close personal relationships among ourselves. We wanted to be able to go to each other for love and support, instead of feeling that we had to go to "our man" for this.

We had to smash the dependencies created by monogamous sexual relationships, and to do this we had to destroy monogamy in the cell. Monogamy only serves to reinforce despotism and the oppression of women. Monogamy is that "the men wear the pants."

We had to destroy all the attitudes that make people think that they have to be monogamous; fear and possessiveness, security, power-trips,

Attitudes that make men & women afraid to talk openly and honestly to each other, that force men into <sup>accepting</sup> a passive role in ~~relationships~~ and force men to compete w/ each other to see who ~~can~~ be the best macho. Attitudes that cause us to feel a false sense of security in sex roles that are oppressive to both men & women, but especially to women who are expected to sublimate their needs and desires.

is also you go about struggling to build non-exploitive  
sexual relationships? Q2145

and to you deal w/ trying to destroy structures that  
oppress former women & men

- for me myself

and all the women in the cell, in particular Gail  
and Lora, had strong backgrounds in the  
Women's Liberation Movement and -radicalized our  
politics. What kind of leadership did these  
women provide in the struggles against sexism  
that you went through?

I feel us to expose our male orientation, and we began to  
think of ourselves as strong revolutionary women, instead  
of "almost-as-good-as-the-men (but not quite)".

It was easy for us to fall into not dealing w/ sexism, but putting too  
much emphasis on what we perceived to be our inadequacies — the men w/out  
realizing that sexism & male supremacist attitudes encouraged  
this way of thinking.

it was safe for them to think of themselves as our  
teachers and political commisars — an ego booster that  
objectively they knew was wrong, but subjectively it  
supported their traditionalist self-image & was a  
comfortable role

struggles in this area continue now w/even greater  
fever but still not easy to destroy the oppressive  
sex roles which capitalism has created and supported  
in order to maintain the economic strangle-hold of the  
ruling class over the proletariat.

The area of personal relationships we had problems w/our

we think a process of evolution and development  
in the past two years. Jan. 10, 1974 was a  
turning point in our history. The loss of our  
comrades forced others <sup>to go</sup> underground, and  
put us on the defensive. Our focus became in-  
sley military. (conditions we created ourselves—cont.)  
<sup>conditions not received</sup>  
almost all our energy was put into developing  
military and survival skills. In this environ-  
ment the men were able to assert themselves, as  
"fighters" and "leaders," while the sisters struggled  
to become guerrilla soldiers. But, without realizing it,  
the concept of a female guerrilla was male defined  
and we were so selfless (<sup>traditional</sup> to "womanly")... we were willing  
to put every other liberation struggle ahead of our  
own.

We weren't totally occupied w/ trying to be as good  
as the men. Struggles against sexism did take  
place on a one-to-one level, but we hardly ever  
brought these struggles to the collective level.  
~~Very quickly certain relationships were brought to~~  
~~light, and from these relationships we developed a~~  
~~new consciousness.~~

The main reason for this was the fact that ~~the~~ <sup>we</sup>  
~~we~~ <sup>had</sup> focused too much energy  
~~on~~ <sup>on</sup> ourselves, and as a result, we failed  
to <sup>work</sup> ~~work~~ together <sup>on</sup> ~~on~~ a collective basis.

bring women out taking a strong stand  
in revolution. In addition, because very soon  
we quickly, and out of these contradictions  
we were able to develop our position  
negomiy

guerrilla soldiers  
women, as revolutionary figures we see that  
a fight is for freedom and self-determination  
women. We cannot allow our ~~sister~~ to be  
opted by the Male Dominated Left (MDL)

I soon realized that we had to deal with  
a contradiction of struggling to become  
revolutionaries while at the same time con-  
tinuing to relate to men in a traditional way

Remarks:

The evidence described in the attached report is being returned separately. You are separately being advised of the pertinent latent fingerprint, radio engineering, cryptanalysis and firearms examinations.

For the information of recipient offices, K118 consists of typewriting samples obtained from Royal portable typewriter serial number A-1362557 (288-A-FBR-10). K119 consists of typewriting samples obtained from Smith-Corona portable typewriter serial number 4C 250443 (401-BR-37).

The typewriting on K118 does not contain sufficient individual identifying characteristics to permit identification. In comparing this typewriting with typewriting on the questioned items, which were found to be the same size and style, no characteristics were observed in the comparison to indicate that any typewriter other than the K118 typewriter was used in preparation of these questioned items.

No significant original typewriting was found in the items listed in the attached report to indicate that typewriters other than the K118 or K119 typewriters were used in preparation of any of these questioned items.

Attached for the assistance of recipient offices are photocopies of the questioned pages on which writing identifications were made.

Notations on some of the questioned pages indicate that at least one other writer may have prepared some of the entries on the submitted items. The manner in which some of these entries were made indicate that they could be entries made by WILLIAM HARRIS. As the Laboratory has previously advised, the available known writing of WILLIAM HARRIS was prepared in the early 1960's and may not be representative of his current writing habits. Attempts should be made to obtain and submit more contemporary known writing by HARRIS. Also, no adequate known hand printing is available for PATRICIA CAMPBELL HEARST or EMILY HARRIS.

Result of examination:

TYPEWRITING COMPARISONS

Q2083

The conclusion was reached that the typewriting on the two-page typewritten document captioned "FAIRCHILD" was prepared by the typewriter used in preparation of K119.

Q2084

The conclusion was reached that the typewriting on the two-page typewritten document captioned "TRANSAMERICAN" was prepared by the typewriter used in preparation of K119.

Q2087

The conclusion was reached that the typewriting on the two-page document captioned "BAKERY" was prepared by the typewriter used in preparation of K119.

Q2088

It was concluded that the two pages of typewriting beginning "WORLD AIRWAYS ..." and "Flying Tiger Corp. ..." was prepared by the typewriter used to prepare K119.

Q1096

The questioned typewriting on the pages beginning "PLAN . . .," "1. Cate opens . . .," "Key . . .," "FVILLE J. YOUNGER . . ." and "one electric . . ." was prepared by the typewriter used to prepare K119.

Q2097

The conclusion was reached that the typewriting on the three pages beginning "NOTES \* HEW . . .," "NOTES - FOUNDATIONS . . ." and "conduct pop . . ." is the same size and style as the typewriting on K118, previously submitted; however, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the typewriter used to prepare K118. The typewriting on these three pages was not prepared by the typewriter used to prepare K119.

Q2098

The questioned typewriting on the typewritten page beginning "ACTIONS IN SUPPORT . . ." is the same size and style as the K118 typewriting; however, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether this typewriting was prepared by the typewriter used to prepare K118. This questioned typewriting was not prepared by the typewriter used in preparation of K119.

#### WRITING COMPARISONS

Q2087

The conclusion was reached that the questioned handwriting on both sides of the page with writing beginning "B of A Marysville," except the two lines of writing at the bottom of the front side beginning "saw 7 employees . . ." was prepared by EMILY HARRIS, K3, K6, K8, K9, K20 and K37.

The conclusion was reached that the questioned handwriting consisting of the bottom two lines beginning "saw 7 employees ..." on the above-mentioned page was prepared by PATRICIA CAMPBELL NEARST, K32 and K92.

The conclusion was reached that the questioned writing on the page beginning "Savings & Loan ..." and the questioned writing on the page beginning "Wells Fargo - La Sierra ..." except the blue ink questioned writing on the backside beginning "Possible Switches ..." was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2088

It was concluded that the majority of the questioned writing on the two pages captioned "S & P 1973" was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2094

The conclusion was reached that the questioned writing on the two sheets of paper beginning "Castle - Cooke ..." and "Safeway ..." and the questioned writing on the enclosed yellow card was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2095

The conclusion was reached that the majority of the questioned writing on the three Q2095 sheets of paper was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2096

The conclusion was reached that portions of the questioned writing on the pages beginning "S F Police Dept ..." "4000 people visit ..." and "Evil Younger ..." were prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37. Also,

similarities were observed in comparing the available writing of HARRIS with portions of the questioned writing on other pieces of paper with writing beginning "Criminal Research . . .," "Donald G. Pouliot . . .," "Tyrone Guyton . . .," "Hough Sketch . . ." and the blue and green ink entries on the page beginning "W I R 996 . . .".

The conclusion was reached that the black ink entry "308-DRJ Robert Edward Mierkey 1938 Westover Dr. Pleasant Hill" on the above-mentioned page beginning "W I R 996 . . ." was prepared by PATRICIA CAMPBELL BEARST, K32 and K92.

*(Kcl5)*  
A definite conclusion was not reached whether the remaining unidentified questioned writing on the items described in this report was prepared by PATRICIA CAMPBELL BEARST, K32 and K92 / EMILY HARRIS, K5, K6, K8, K9, K20 and K37, WILLIAM HARRIS, K45, STEVEN SOLIAH, K120, or PAT JEAN MC CARTHY, K45, whose writing was previously submitted in this case, or by JOSEPHINE M. SOLIAH, K1 and K4, KATHLEEN ANN SOLIAH, K3, or WILLIAM KILGORE, K2, whose writings were submitted in case captioned "UNSUBS (5); CROCKER BANK, 5746 MARCONI AVENUE, CARMICHAEL, CALIFORNIA, 4/21/75; B2," due to the limited amount of some written entries, the presence of unexplained handwriting characteristics or the lack of sufficiently comparable writing.

The documentary evidence described in this report was compared insofar as possible with documentary material previously submitted to the Laboratory in bombing matters wherein the Weather Underground organization, the New World Liberation Front or the Red Guerrilla Families claimed responsibility, but nothing of particular significance was noted nor were any associations made.

The evidence described in this report, which has been photographed, is being returned separately.

4 I would like to take this opportunity to speak directly to my children,  
5 Sherry, Shorlyne, Dawn, and DeDe. I want you to know that to just say your  
6 name fills my heart with joy. I want you to know that I love you all with all the love in  
7 my heart. I hope you all understand me when I say I am here for you.

As Field Marshall Cin. I would like to take this opportunity on behalf of the Federation  
of Negro Merchants and Businessmen to thank you for your appropriate and thoughtful education of the  
Negro community. It is always a pleasure to do business with you.

To those who speak about what they don't know what I am talking about.

To you I say that your words are powerful and your actions are commanding.

With love and unity to always serve the people.

Yours truly,

John H. Johnson

Chairman, National Council of Negro Parents

Chairman, National Council of Negro Clergymen

Field Marshall Cin. I would like to take this opportunity on behalf of the Federation  
of War and Welfare Societies to thank you for the opportunity of presenting and educating the  
people on our faith and unity to always serve the people.

ability to always serve the people, and those who seek about what they want, so you I say that your force and power

4      I have to say this opportunity will be my last. I am back babies. I  
5      am very sorry, I am very sorry, I am sorry to have to do this. I am  
6      I will try my best with you, I want you to know that I love you all with all the love that  
7      I possibly can have for them so dear to him; and I want you to understand also that I have  
8      a son who is going to you, that whenever you needed me, I would be there at your side.  
9      I am now as in when you may not come me. I am there because he sent it where I am. Take  
10     care for your freedom, your future and your life. Daddy wants you to understand that I  
11     care home because you and the people are not free, and as long as the army exists there  
12     no rest nor any hope for you or our people as a whole. We are still here and we are still  
13     running your country and your freedom. Please always remember us, pray for us, and  
14     fight for us and your freedom. Remember us and pray for us, provide for us, pray  
15     to the good the same as the bad, get prepared to die, work hard, fight hard, do what we  
16     must do, and do it well,  
17     and do it well,  
18     and do it well,  
19     and do it well,  
20     and do it well,  
21     and do it well,  
22     and do it well,  
23     and do it well, and do it well.

4 I would like to take this opportunity to speak to my children about black babies. Victoria  
5 I am sorry, Sherylyn, Kristie, and Debi, I want you to know that I just say your names  
6 to make my heart with joy. I want you to know that I love you all with all the love that  
7 either own have for those so dear to him, and I want you to understand also that when  
8 you call upon me for guidance or protection be you, that whenever you needed me, I would be there at your side.  
9 I can't be with you when you may not see me, I am there because no matter where I am, I am  
10 for your freedom, your future and your life. Daddy wants you to understand that I never  
11 come here because you and the people are not free, and as long as the enemy exists there  
12 is no rest nor any hope for you or our people as a whole. ~~When we die we go to heaven~~  
13 ~~and we are with God forever~~  
14 ~~and we are with God forever~~  
15 ~~and we are with God forever~~  
16 ~~and we are with God forever~~  
17 ~~and we are with God forever~~  
18 ~~To Allah we belong and to Allah we shall return~~  
19 ~~and we are with God forever~~  
20 ~~and we are with God forever~~  
21 ~~and we are with God forever~~  
22 ~~and we are with God forever~~  
23 ~~and we are with God forever~~

you will understand her feelings  
invades countries when she knows very well  
she has written me  
there is the man that murdered  
of 1000 people in Los Angeles  
and killing him are and only love  
she is tried a courage she said her  
commander did not give in vain at that  
she was strong and determined to fight  
and fight till she kill and kill by  
any chance she needs more  
ammunition there is a note like no  
in Niagara fall saying he is willing  
to die for the USA  
they are respected and loved by many  
because they are a great band of warriors.

## The Culture of the Negara Opette

The other day I wrote you a letter  
but I did not get it out in time.  
I know you do well not stand  
by me and will answer again  
on Wednesday following etc etc  
I would something dreadful will  
happen to this day if you call a city  
This you do not only in respect but also  
for me

K32 Journal of European trip bearing purported writing of  
PATRICIA CAMPBELL HEARST

Result of examination:

The conclusion was reached that the majority of the questioned written notations on Q55, previously submitted, were prepared by PATRICIA CAMPBELL HEARST, purported writer of K32.

A definite conclusion was not reached whether the remaining unidentified questioned writing on items submitted in this case or in case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM", was prepared by HEARST. However, nothing of particular significance was observed in comparing the majority of the comparable unidentified questioned writing on items in these cases with the available writing of HEARST.

K32, which has been photographed, is attached.

## Resubmission of K32

K92 Checkbook for Bank of America, account number 5539-4348 and thirty-seven (37) three by five inch cards bearing writing of PATRICIA CAMPBELL HEARST

## Result of examination:

The conclusion was reached that the majority of the questioned written notations on Q55 were prepared by PATRICIA CAMPBELL HEARST, writer of K32 and K92. Also, significant handwriting similarities were observed in comparing the available known writing of HEARST with the notation "Patria o Muerte Venceremos Tania" appearing in the Q01086 photograph and the Hearst signatures on Q175, Q1387 and Q1389 which indicate these writings were probably prepared by HEARST. Additionally, some similarities were observed in comparing the entry "Tania 1974" on the Q173 photograph with the writing of HEARST, which indicate she may also have prepared this entry.

Nothing of particular significance was observed in comparing the majority of the remaining questioned writing on the items submitted in this case and in case captioned "Symbionese Liberation Army (SLA) EM" with the writing of HEARST on K32 and K92.

K32 and K92, which have been photographed, are attached.

## Result of examination:

TYPEWRITING COMPARISONSQ2165

The questioned typewriting on the page captioned "FASCISM" and page beginning "7. Supporters of ..." is the same size and style as the K118 typewriting; although, due to the lack of sufficient individual identifying characteristics a definite conclusion was not reached whether this questioned typewriting was prepared by the typewriter used in preparation of K118.

The conclusion was reached that the questioned typewriting on the pages beginning "A. To fully . . .," "to each other's . . .," "Because we still . . .," "Tania decided . . ." and "Q. XXXXXXXX You stated . . ." was prepared by the typewriter used in preparation of K119.

WRITING COMPARISONS

The conclusion was reached that the questioned handwriting, on the Q2165 items, except the handwritten corrections on the four typewritten pages and on the five photocopies of typewritten pages, was prepared by PATRICIA CAMPBELL HEARST, K32 and K92.

(1) A definite conclusion was not reached whether the remaining unidentified questioned handwriting on Q2165 was prepared by PATRICIA CAMPBELL HEARST, K32 and K92; EMILY HARRIS, K5, K6, K8, K9, K20 and K37; WILLIAM HARRIS, K45; STEVEN SOLIAH, K120; or PAT JEAN MC CARTHY, K486, whose writing was previously submitted in this case, or by JOSEPHINE M. SOLIAH, K1 and K4; KATHLEEN ANN SOLIAH, K3; or WILLIAM KILGORE, K2, whose writings were submitted in case captioned "UNSUBS (5); CROCKER BANK, 5746 MARCONI AVENUE, CARMICHAEL, CALIFORNIA, 4/21/75; BR," due to the limited amount of some written entries, the presence of unexplained handwriting characteristics and the lack of sufficiently comparable writing. However, similarities were observing in comparing the available writing of HEARST with portions of the script hand printing on Q2165.

Q2165, which has been photographed, is being returned separately.

**Result of examination:**

**TYPEWRITING COMPARISONS**

The K118 typewriting does not contain sufficient individual identifying characteristics to permit identification; therefore, in those instances described below where

questioned typewriting was found to be the same size and style as the K118 typewriter, a definite conclusion was not reached whether that questioned typewriting was prepared by the typewriter used in preparation of K118.

Q2064

The questioned typewriting on the one Q2064 type-written page is the same size and style as the K118 typewriting.

Q2065

The typewriting on the eight-page typewritten document beginning on the first page "Q. Why did the SLA ..." and ending on the eighth page "in their rhetoric ..." was prepared by the typewriter used in preparation of K119. These pages have been marked with an asterisk in the lower right corner of each page.

The typewriting on the Q2065 twenty-seven page typewritten document captioned "Tania Interview" is the same size and style as the K118 typewriting.

Q2066

Typewriting characteristics in common were observed in comparing the typewriting on the photocopies of the seven typewritten pages in Q2066 with the K119 typewriting, which indicate the typewriting on the pages from which these photocopies were made was probably prepared using the typewriter used in preparation of K119.

Q2067

Typewriting characteristics in common were observed in comparing the photocopies of typewritten pages with the K119 typewriting, which indicate the typewriting on the pages

from which these Q2067 photocopies were made was probably prepared using the typewriter used in preparation of K119.

Q2071

The conclusion was reached that the typewriting shown on the photocopy pages of Q2071 was not prepared using the typewriters used in preparation of K118 or K119.

The typewriting on these photocopy pages correspond to Laboratory standards for a type style manufactured by Brother Industries, Nagoya, Japan, probably spaced 231 mm per one hundred characters and used on typewriters manufactured under brand names including Signature, Wizard, Webster, Bradford, Typesaster and T.V.B.

Q2074

The conclusion was reached that the questioned typewriting on the three pages having typewriting on both sides of each page, with sides numbered 6, 7, 8, 159, 160 and 161, was prepared by the typewriter used to prepare K119. These pages were marked with an asterisk in the lower right corner of each page.

The remaining questioned typewriting on the Q2074 items is the same size and style as the K118 typewriting.

WRITING COMPARISONS

Q2065

The conclusion was reached that the questioned handwriting beginning "When in fact ..." on page six of the twenty-seven page typewritten document captioned

"Tania Interview" with typewriting on page six beginning "business. He's a ..." was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25.

Also, significant similarities were observed in comparing the handwritten notation "In the evening news" on page four of the Q2065 eight-page typewritten document with typewriting on this page beginning "A. Con trary to ..." with the available writing of HEARST, which indicate she probably prepared this questioned notation.

Q2066

The conclusion was reached that the questioned handwriting on the Q2066 page with writing captioned "U.S. Gov't" except the notation "Supply Ag" was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25.

Q2067

Significant similarities were observed in comparing the written entry "political statement from" on the photocopy of the typewritten page numbered eleven in a circle with typewriting beginning "organization of the ..." with available writing of PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25, which indicate she probably prepared this questioned writing.

The conclusion was reached that the majority of the green ink questioned writing on the Q2067 sheets of stenographic notebook paper was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Similarities were also observed in comparing other written entries on several of the Q2067 photocopy pages with available writing of EMILY HARRIS, which indicate she may have prepared these questioned written entries.

Q2070

The conclusion was reached that the majority of the questioned writing beginning with the entry "19. Ex. Switchboard ..." on page five of the Q2070 notebook and the majority of the questioned writing on the backside of the fifth page was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25.

Also, similarities were observed in comparing the questioned notations "A Gentleman's Choice" and "Adelson's" on the fourth page of the Q2070 notebook and the notation "Answering & Bus. Serv." on the backside of that page with available writing of PATRICIA CAMPBELL HEARST, which indicate she probably also prepared this questioned writing.

The conclusion was reached that the majority of the remaining questioned writing in the Q2070 notebook was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2074

The conclusion was reached that the questioned handwriting on the sheet of paper bearing carbon copy typewriting beginning "empty materialism of ..." and the handwritten notation "women at same time: 11 development" in the margin of the photocopy of the typewritten page numbered three in a circle with marked out typewriting beginning "who have brought ..." was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25.

Also, similarities were observed in comparing the following handwritten notations with writing of HEARST, which indicate she may also have prepared these notations:

The handwritten notations "(like Gloria Stinham & Jane Alpert)" and "devestating" on the typewritten page numbered seven with typewriting beginning "truly powerful ..."

The handwritten notations on the page of carbon copy typewriting beginning "exhausted and, to...."

The handwritten notations on the page of carbon copy typewriting beginning "for oppression and ..."

The handwritten notation "not strong enough" on the page of carbon copy typewriting beginning "preconceptions of ..."

A definite conclusion was not reached whether the remaining unidentified questioned writing on the items described in this report was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and K125, EMILY HARRIS, K5, K6, K8, K9, K20 and K37, WILLIAM HARRIS, K45, STEVEN SOLIAH, K120, or PAT JEAN MC CARTHY, K486, whose writings were previously submitted in this case, or by JOSEPHINE M. SOLIAH, K1 and K4, KATHLEEN ANN SOLIAH, K3, or WILLIAM KILGORE, K2, whose writings were submitted in case captioned "UNSUBS (5); CROCKER BANK, 5746 MARCONI AVENUE, CARMICHAEL, CALIFORNIA, 4/21/75; BR," due to the limited amount of some written entries, the presence of unexplained handwriting characteristics or the lack of sufficiently comparable writing.

The documentary evidence described in this report was compared insofar as possible with documentary material previously submitted to the Laboratory in bombing matters wherein the Weather Underground organization, the New World Liberation Front or the Red Guerrilla Families claimed responsibility, but nothing of particular significance was noted nor were any associations made.

The evidence described in this report, which has been photographed, is being returned separately.

Q2098 Manila envelope captioned "FUTURE ACTIONS - MISC." containing newspaper clippings and documents (#288-B-34)

Result of examination:

TYPEWRITING COMPARISONS

Q2063

The conclusion was reached that the typewriting on the two-page typewritten document captioned "FAIRCHILD" was prepared by the typewriter used in preparation of Kl19.

Q2064

The conclusion was reached that the typewriting on the two-page typewritten document captioned "TRANSAMERICA" was prepared by the typewriter used in preparation of Kl19.

Q2067

The conclusion was reached that the typewriting on the two-page document captioned "BAKERY" was prepared by the typewriter used in preparation of Kl19.

Q2068

It was concluded that the two pages of typewriting beginning "WORLD AIRWAYS ..." and "Flying Tiger Corp. ..." was prepared by the typewriter used to prepare Kl19.

Q2096

The questioned typewriting on the pages beginning "PLAN . . .," "1. Gate opens . . .," "Key . . .," "FVILLE J. YOUNGER; . . ." and "one electric . . ." was prepared by the typewriter used to prepare K119.

Q2097

The conclusion was reached that the typewriting on the three pages beginning "NOTES \* NEW . . .," "NOTES - FOUNDATIONS . . ." and "conduct pop . . ." is the same size and style as the typewriting on K118, previously submitted; however, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the typewriter used to prepare K118. The typewriting on these three pages was not prepared by the typewriter used to prepare K119.

Q2098

The questioned typewriting on the typewritten page beginning "ACTIONS IN SUPPORT . . ." is the same size and style as the K118 typewriting; however, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether this typewriting was prepared by the typewriter used to prepare K118. This questioned typewriting was not prepared by the typewriter used in preparation of K119.

#### WRITING COMPARISONS

Q2097

The conclusion was reached that the questioned handwriting on both sides of the page with writing beginning "B of A Marysville," except the two lines of writing at the bottom of the front side beginning "saw 7 employees . . ." was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

The conclusion was reached that the questioned handwriting consisting of the bottom two lines beginning "saw 7 employees ..." on the above-mentioned page was prepared by PATRICIA CAMPBELL HEARST, K32 and K92.

The conclusion was reached that the questioned writing on the page beginning "Savings & Loan ..." and the questioned writing on the page beginning "Wells Fargo - La Sierra ..." except the blue ink questioned writing on the backside beginning "Possible Switches ..." was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2028

It was concluded that the majority of the questioned writing on the two pages captioned "S & P 1973" was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2094

The conclusion was reached that the questioned writing on the two sheets of paper beginning "Castle - Cooke ..." and "Safeway ..." and the questioned writing on the enclosed yellow card was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2095

The conclusion was reached that the majority of the questioned writing on the three Q2095 sheets of paper was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2096

The conclusion was reached that portions of the questioned writing on the pages beginning "S F Police Dept ...," "4000 people visit ..." and "Evil Younger ..." were prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37. Also,

similarities were observed in comparing the available writing of HARRIS with portions of the questioned writing on other pieces of paper with writing beginning "Criminal Research . . .," "Donald G. Pouliot . . .," "Tyrone Guyton . . .," "Rough Sketch . . ." and the blue and green ink entries on the page beginning "M I R 996 . . .".

The conclusion was reached that the black ink entry "303-DRJ Robert Edward Mierkey 1938 Westover Dr. Pleasant Hill" on the above-mentioned page beginning "M I R 996 . . ." was prepared by PATRICIA CAMPBELL HUMESY, K32 and K92.

Kc(5)

A definite conclusion was not reached whether the remaining unidentified questioned writing on the items described in this report was prepared by PATRICIA CAMPBELL REARST, K32 and K92, EMILY HARRIS, K5, K6, K8, K9, K20 and K37, WILLIAM HARRIS, K46, STEVEN SOLIAH, K120, or PAT JEAN MC CARTHY, K42, whose writing was previously submitted in this case, or by JOSEPHINE M. SOLIAH, K1 and K4, KATHLEEN ANN SOLIAH, K3, or WILLIAM KILGORE, K2, whose writings were submitted in case captioned "WINSERS (5); CROCKER BANK, 3746 MARCONI AVENUE, CARMICHAEL, CALIFORNIA, 4/21/75; BP," due to the limited amount of some written entries, the presence of unexplained handwriting characteristics or the lack of sufficiently comparable writing.

The documentary evidence described in this report was compared insofar as possible with documentary material previously submitted to the Laboratory in bombing matters wherein the Weather Underground organization, the New World Liberation Front or the Red Guerrilla Families claimed responsibility, but nothing of particular significance was noted nor were any associations made.

The evidence described in this report, which has been photographed, is being returned separately.

Q2149 Wells Fargo Bank Gold Account card signed "Edmond R. Ergut" (#288-A-FBR-11)

**Result of examination:**

**TYPEWRITING COMPARISONS**

**Q2135**

The questioned typewriting on the Q2135 piece of paper is the same size and style and bears characteristics in common with the K119 typewriting, which indicate the typewriter used to prepare K119 may have been used to prepare this questioned typewriting.

**WRITING COMPARISONS**

**Q2100 and Q2101**

Characteristics observed indicate that the questioned writing on Q2100 and Q2101 was prepared by one person.

Q2104

Some similarities were observed in comparing the questioned writing on Q2104 with the available writing of EMILY HARRIS, K5, K6, K8, K9, K20 and K37, which indicate she may have prepared this questioned writing.

Q2133

Similarities were observed in comparing the questioned handwritten caption "General Info" on the Q2133 manila envelope with available writing of PATRICIA CAMPBELL HEARST, K32, K92 and Kc125, which indicate she may have prepared this questioned writing.

Q2135

Similarities were observed in comparing the Lanphear signatures on the Q2135 Sacramento City College Student Identification Card and the Sacramento City College Registration and Library Card and the writing of EMILY HARRIS, K5, K6, K8, K9, K20 and K37, which indicate she may have prepared these signatures.

OTTER EXAMINATIONS

Q2141

Photographs of the used sheets of carbon paper contained in Q2141 were made and are enclosed.

Q2144

The Q2144 map of Orange County, California, bears written notations "Ball Euclid left Chris" on the cover. "Pacific Ave" is circled in the map's street index and the

notation "8.00 69989" is marked on the map in the area of Stanton, California. Also, markings were observed in the area of Stanton, California. Two markings were found in the area of Fullerton, California.

A definite conclusion was not reached whether the remaining unidentified questioned writing on the items described in this report was prepared by PATRICIA CAMPBELL REARST, K32, K92 and Kcl25, EMILY HARRIS, K5, K6, K8, K9, K20 and K37, WILLIAM HARRIS, K45, STEVEN SOLIAH, K120, or PAT JEAN MC CARTHY, K486, whose writings were previously submitted in this case, or by JOSEPHINE M. SOLIAH, Kcl and K4, KATHLEEN ANN SOLIAH, K3, or WILLIAM KILGORE, K2, whose writings were submitted in case captioned "UNSUBS (5), CROCKER BANK, 5746 MARCONI AVENUE, CARMICHAEL, CALIFORNIA, 4/21/75; ER," due to the limited amount of some written entries, the presence of unexplained handwriting characteristics or the lack of sufficiently comparable writing.

The documentary evidence described in this report was compared insofar as possible with documentary material previously submitted to the Laboratory in bombing matters wherein the Weather Underground organization, the New World Liberation Front or the Red Guerrilla Families claimed responsibility, but nothing of particular significance was noted nor were any associations made.

The evidence described in this report, which has been photographed, is being returned separately.

Q2132 Large brown envelope captioned "Birth Certificate" containing two white envelopes with copies of birth certificates (#288-B-35)

Result of examination:

TYPEWRITING COMPARISONS

The known typewriting, K118, does not contain sufficient individual identifying characteristics to permit identification; therefore, where questioned typewriting was found to be the same size and style as the K118 typewriting, a definite conclusion was not possible whether that questioned typewriting was prepared by the typewriter used to prepare K118.

Q2122

The conclusion was reached that the questioned typewriting on Q2122 was prepared by the typewriter used in preparation of K119.

Q2123

The questioned original and carbon copy typewriting was prepared by the typewriter used to prepare K119.

The six-page typewritten document (photocopies) captioned "THE SYMBIONESE FEDERATION & THE SYMBIONESE LIBERATION ARMY DECLARATION OF REVOLUTIONARY WAR & THE SYMBIONESE PROGRAM" was not prepared by the typewriters used in preparation of K118 or K119. The remaining photocopies in Q2123 were made from other Q2123 typewritten pages.

Q2124

The questioned typewriting was prepared by the typewriter used to prepare K119.

Q2125

The questioned typewriting on pages numbered in circles in the upper left-hand corners 2, 3, 4, 5 and 8 respectively, and beginning "U.S. imperialism is . . .," "Strategy For Victory In . . .," "revolutionary movement . . .," "between class solidarity . . ." and "Mass Front and the . . ." is the same size and style as the typewriting on K118.

The remaining questioned typewriting on the Q2125 items was prepared by the typewriter used in preparation of K119.

Q2126

The questioned typewriting on the Q2126 items was prepared by the typewriter used to prepare K119.

Q2127

Thirty-three (33) typewritten pages included in Q2127 were prepared by the typewriter used to prepare K119. These pages have been marked with an asterisk in the lower right corner of each page.

Six (6) of the Q2127 typewritten pages contain some typewriting prepared by the typewriter used to prepare K119. It was noted that portions of the typewriting on these pages were typed directly onto the page and portions onto other pages which were cut out and attached to the Q2127 pages. Other portions of these six (6) pages are the same size and style as the K118 typewriting. These six (6) pages have been marked by placing an asterisk in the lower left corner of each page.

The typewriting on the remaining twenty-six (26) Q2127 pages of typewriting is the same size and style as the K118 typewriting.

Q2128

The typewriting on twenty-eight (28) typewritten pages was prepared by the typewriter used to prepare K119. These pages were marked with an asterisk in the lower right corner of each page.

The typewriting on the remaining Q2128 typewritten pages is the same size and style as the typewriter used to prepare K118.

Q2130

The questioned typewriting on the pages captioned "----- THANKS FOR PICKING ..." and "LEADERSHIP" and the page with typewriting beginning "My life really ..." were prepared by the typewriter used to prepare K119.

The questioned typewriting on the remaining Q2130 pages is the same size and style as the K118 typewriting.

Q2131

The conclusion was reached that the questioned typewriting on the Q2131 items was prepared by the typewriter used in preparation of K119.

WRITING COMPARISONS

Q2124

The conclusion was reached that the majority of the questioned handwriting on the two pages with typewriting beginning "Q. Going in ..." and "these drawers are ..." was prepared by PATRICIA CAMPBELL HEARST, K32 and K92.

The conclusion was reached that the majority of the remaining questioned handwriting on items in Q2124 was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Q2125

Significant similarities were observed in comparing the written notation "political statement from" on the Q2125 typewritten page numbered in black ink "23" in the upper left corner and containing typewriting beginning "organization of the ..." with the available writing of PATRICIA CAMPBELL HEARST which indicate she probably prepared this notation.

The conclusion was reached that the questioned handwriting on the back of the typewritten page numbered in black ink in the upper left-hand corner "13" with typewriting beginning "Clearly we are not ..." and blue ink questioned handwriting on the back of the typewritten piece of paper attached to a typewritten piece of paper numbered in black ink in the upper left-hand corner "12" with typewriting beginning "and confidence and ..." were prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Also, similarities were observed in comparing the written entries on some typewritten pages, especially pages numbered in black ink in the upper left-hand corners "10," "11" and "12" respectively, with typewriting beginning "Q. The media of ..." "Clandestine urban ..." and "and confidence and ..." with the writing of EMILY HARRIS which indicate she may also have prepared these entries.

Q2126

The conclusion was reached that the questioned handwritten notation on the typewritten page with typewriting beginning "Q. What about the individual ..." and the questioned blue ink written entry beginning "wanted to ..." on the back side of the typewritten page numbered "4" with typewriting beginning "of a pig assault ..." were prepared by PATRICIA CAMPBELL HEARST, K32 and K92.

The conclusion was reached that the majority of the questioned handwriting on the following described pages was prepared by EMILY HARRIS:

The typewritten page numbered "T/p. 1" with typewriting beginning "Q. Since you ..."

Typewritten page numbered "114" with typewriting beginning "looking for you ..."

Typewritten page numbered "117" with typewriting beginning "took whatever ..."

Typewritten page numbered "18" with typewriting beginning "above ground on ..."

Typewritten page numbered "19" with typewriting beginning "from the local ..."

Typewritten piece of paper with typewriting beginning "ence between ..."

Handwriting on a piece of paper with writing beginning "date for Fahizah's ..."

Significant similarities observed indicate that the handwritten notations on the typewritten pages numbered 104 through 113, 115 and 116 were probably prepared by EMILY HARRIS, K5, K6, K3, K9, K20 and K37.

Q2127

The conclusion was reached that the questioned handwriting on the back side of the two typewritten pages numbered "6" and "17" with typewriting beginning "started to understand ..." and "Gina was a beautiful ..." was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37.

Also, significant similarities were observed in comparing the majority of the questioned handwritten entries on the remaining Q2127 items with writing of EMILY HARRIS, which indicate she probably prepared the majority of this questioned handwriting.

Q2128

The conclusion was reached the handwritten notation beginning "To The People: If you ..." on the photocopy of a newspaper page with article captioned "SLA'S LAST TAPE TO HEARST" was prepared by PATRICIA CAMPBELL HEARST, K32 and K92.

Q2130

The conclusion was reached that the majority of the questioned handwriting on the sheet of stenographic notebook paper was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37. However, similarities were observed in comparing the handwritten notation beginning "2) 146 Peralta ..." on the bottom of this sheet of stenographic notebook paper with the writing of PATRICIA CAMPBELL HEARST, which indicate she probably prepared this notation.

The conclusion was reached that the questioned handwriting on the back side of the sheet of notebook paper with handwriting beginning "Sierra Club" was prepared by PATRICIA CAMPBELL HEARST, K32 and K92.

The conclusion was reached that the majority of the questioned handwriting on the remaining sheets of notebook paper, except the sheet captioned "Pins" was prepared by EMILY HARRIS, K5, K6, K8, K9, K20 and K37. Also, similarities were observed in comparing the questioned handwriting on the sheet of notebook paper captioned "Pins" with the writing of EMILY HARRIS which indicate this questioned handwriting was probably prepared by her.

A definite conclusion was not reached whether the remaining unidentified questioned handwriting on the items described in this report was prepared by PATRICIA CAMPBELL HEARST, K32 and K92, EMILY HARRIS, K5, K6, K8, K9, K20 and

K37, WILLIAM HARRIS, K45, STEVEN SOLIAH, K120, or PAT JEAN MC CARTHY, K486, whose writing was previously submitted in this case, or by JOSEPHINE M. SOLIAH, K1 and K4, KATHLEEN ANN SOLIAH, K3, or WILLIAM KILGORE, K2, whose writings were submitted in case captioned "UNSUBS (5); CROCKER BANK, 5746 MARCONI AVENUE, CARMICHAEL, CALIFORNIA, 4/21/75; BP," due to the limited amount of some written entries, the presence of unexplained handwriting characteristics or the lack of sufficiently comparable writing.

The documentary evidence described in this report was compared insofar as possible with documentary material previously submitted to the Laboratory in bombing matters wherein the Weather Underground organization, the New World Liberation Front or the Red Guerrilla Families claimed responsibility, but nothing of particular significance was noted nor were any associations made.

The evidence described in this report, which has been photographed, is being returned separately.

Result of examination:

TYPEWRITING COMPARISONS

Q2153

Portions of the typewriting on Q2153 correspond to Laboratory standards for an Olympia elite style of type. Other portions of the typewriting on Q2153 correspond to Laboratory standards for a Smith-Corona (SCM) elite style of type. The remaining portions of the typewriting on Q2153 correspond to Laboratory standards for an Underwood pica style of type. The Q2153 typewritings were not associated with the typewriting on K118 and K119.

Q2155

Portions of the typewriting on Q2155 correspond to Laboratory standards for a Hermes or Halda/Facit elite style of type. Other portions of the typewriting on Q2155 correspond to Laboratory standards for a Smith-Corona (SCM) or Remington elite style of type. The remaining typewriting on Q2155 corresponds to Laboratory standards for an IBM style of type. The conclusion was reached that the typewriting on Q2155 was not prepared by the typewriters used in preparation of K118 or K119.

Q2163

The typewriting on the six photocopy Q2163 type-written pages is the same size and style and bears characteristics in common with the typewriting on K119, which indicate that the typewriting on these Q2163 pages was probably prepared by the typewriter used in preparation of K119.

Q2168

The conclusion was reached that the typewriting appearing on Q2168 was not prepared by the typewriters used to prepare K118 or K119.

Q2173

The conclusion was reached that the typewriting on Q2173 was not prepared by the typewriters used in preparation of K118 or K119.

The typewriting on Q2173 corresponds to Laboratory standards for an IBM elite style of type.

Q2180

The typewriting appearing on Q2180 is the same size and style as the K118 typewriting; although, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether the Q2180 typewriting was prepared by the typewriter used in preparation of K118.

Q2186

The conclusion was reached that the typewriting on Q2186 was not prepared by the typewriters used to prepare K118 or K119.

Q2197

The questioned typewriting on the two Q2197 type-written pages except the typewritten caption on one page reading "MARXISM\*LENINISM-MAO TSE-TUNG THOUGHT" was prepared by the typewriter used in preparation of K119.

The typewritten caption on Q2197 quoted above on one typewritten page is the same size and style as the K118 typewriting; although, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether this typewritten caption was prepared by the typewriter used to prepare K118.

Q2198

It was concluded that the questioned typewriting on the two Q2198 typewritten pages bearing typewritten captions in the upper left corners "MARXISM" and "LENINISM" was prepared by the typewriter used to prepare K119.

The questioned typewriting on the remaining five Q2198 typewritten pages is the same size and style as the K118 typewriting; although, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the typewriter used to prepare K118.

Q2201

The questioned typewriting on Q2201 is the same size and style and bears some characteristics in common with the K119 typewriting, which indicate this questioned typewriting may have been prepared by the typewriter used in preparation of K119.

Q2205

The questioned typewriting on Q2205 is the same size and style and bears some characteristics in common with the K119 typewriting, which indicate this questioned typewriting may have been prepared by the typewriter used to prepare K119.

Q2175

Similarities observed indicate that the questioned writing on Q2175 and the questioned writing on Q2100 and Q2101 was prepared by the same person.

Q2192 and Q2194

Similarities were observed in comparing the "Mrs. C. Barber" signatures on Q2192 and Q2194 with writing of PATRICIA CAMPBELL HEARST, which indicate she may have prepared these signatures.

Q2204

Similarities were observed in comparing the questioned writing on Q2204 with the writing of PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25, which indicate she may have prepared this questioned writing.

Q2206 and Q2207

Similarities were observed in comparing the questioned writing on Q2206 and Q2207 with writing of PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25, which indicate she may have prepared this questioned writing.

Q2208

The conclusion was reached that the questioned handwriting on Q2208 was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kcl25. Also, similarities were

observed in comparing the questioned hand printing on Q2208 with available writing of HEARST, which indicate she may have prepared this questioned writing.

A definite conclusion was not reached whether the remaining unidentified questioned writing on the items described in this report was prepared by PATRICIA CAMPBELL HEARST, K32, K92 and Kc125, EMILY HARRIS, K5, K6, K8, K9, K20 and K37, WILLIAM HARRIS, K45, STEVEN SOLIAN, K120, or PAT JEAN MC CARTHY, K486, whose writings were previously submitted in this case, or by JOSEPHINE M. SOLIAN, K1 and K4, KATHLEEN ANN SOLIAN, K3, or WILLIAM KILGORE, K2, whose writings were submitted in case captioned "UNSUDS (5); CROCKER BANK, 5746 MARCONI AVENUE, CARMICHAEL, CALIFORNIA, 4/21/75; BR," due to the limited amount of some written entries, the presence of unexplained handwriting characteristics or the lack of sufficiently comparable writing.

The documentary evidence described in this report was compared insofar as possible with documentary material previously submitted to the Laboratory in bombing matters wherein the Weather Underground organization, the New World Liberation Front or the Red Guerrilla Families claimed responsibility, but nothing of particular significance was noted nor were any associations made.

The evidence described in this report, which has been photographed, is being returned separately.

## DRUGS POLICE

trial for two members accused a Michigan police detective yesterday of passing money through the mail in concealed illegal drugs.

The witness told the jury in the San Rafael Court that he was recruited in January 1973 by the Narcotics Strike Force, headed by former state narcotics agent Cliff Van Ream.

When he agreed he was given immunity from prosecution on taxes owed on smuggling profits, defense attorney J. Tony Schlegel said he could not recall.

Aided how much federal agents were paying him, Schlegel replied: "I can't remember. It was up to the San Francisco headquarters."
